Spring Sale 2017 Auction Newsletter

FURNITURE PRICES TOP THE SALE

Vladimir Tretchikoff (1913-2006) £12,000

Barbara Rae (1943-) £7,500

Attributed to Sir Thomas Lawrence sketch £16,000

The Spring sale viewing was timed to coincide with the Weekly sale view and resulted in record numbers of visitors attending both the view days and the auctions. The two days of selling saw 1503 lots offered for sale with a remarkable average selling rate of 80% and some great prices. High end furniture led the Spring sale with a rare commode by Andre Arbus selling to a Paris buyer for £20,000 and a top price of £2,000 was achieved in the weekly sale for a Royal Crown Derby dinner service. Other notable prices included a string of amber beads worth more than their weight in gold at £16,000 and a still life by Tretchikoff, bought in these rooms ten years ago for £1,000 that proved a wise investment with the hammer falling this time at £12,000.

April sees the Asian and Art sale on the 25th. The Summer Fine sale will be held on June 27th and the Weekly sales will continue every Monday.
